5 Gallons

Dunkel Weissbier

Style: Dunkel / Dark German Wheat Beer
Dark (Dunkel), Wheat (Weiss) Beer (bier)
brewed with traditional German yeast.
Deep amber to brown in color, this brew
is full-flavored and full bodied with hints
of cloves & spicy esters. This is a *strong*
wheat beer with *lots* of flavor.

Ingredients

<u>GRAINS</u>	<u>AMOUNT</u>	<u>EXTRACTS</u>	<u>AMOUNT</u>	<u>HOPS & SPICES</u>	<u>AMOUNT</u>
Crystal 120L	0.5 lbs.	Wheat	2.33 qts.	<u>Bittering Hops</u>	
Vienna	0.33 lbs.	Adjunct	0.33 qts.	Hallertau	1.25 oz.
Crystal 40L	0.25 lbs.			<u>Finishing Hops</u>	
Dark Wheat	0.33 lbs.			Saaz	0.25 oz.
Black	0.25 lbs.			Mt. Hood	0.33 oz.
Pale	0.25 lbs.			Irish Moss	1 Scoops

Yeast Type: Hefeweizen **Yeast Description:** Large clove, phenolic aroma w/ banana flavors.

Brewing Instructions

- 1** Make sure your kettle is between 160° - 170°. Place all crushed grains into a grain sock and steep in the pot for 30 minutes, making sure to maintain the temperature indicated. After grains have steeped, drain and discard sock.
- 2** Raise the heat under your pot. When the temperature is approaching 200°, add all of your extracts and sugars (except the priming sugar!). Stir well. Wait for pot to reach a boil. **NEVER LEAVE YOUR POT FROM THIS POINT ON!**
- 3** When kettle reaches a boil, temporarily turn the heat off and add your bittering hops. Immediately return to a heavy, rolling boil for 60 minutes. Make sure to stir your wort regularly throughout the brewing process so it doesn't scorch.
- 4** When there is 15 minutes left in the boil, temporarily turn off your heat again and add your finishing hops. Return to a light boil. Any spices or special ingredients are typically added now (refer to ingredient list above).
- 5** After last 15 minutes of boiling, turn heat off and chill wort. When wort is around 70°- 90° pour into a fermenter and pitch yeast. That's it! Refer to more detailed brewing and bottling instructions if needed (available upon request).

Recipe will yield approximately 2 cases of 22 oz. or 12 oz. bottles. Brewing, fermenting, and conditioning times may vary depending on recipe, yeast, temperatures, and brewing experience.
