

Homebrew  
5 Gallons

## Negra Mexicali

Style: Lager

A Negra Modelo style Vienna Lager. A fruity flavor, a moderate malt aroma & hop bitterness make for a well rounded lager. This is a wonderful brew to have around as summer turns to fall and the chill brings a thirst for something richer.

## Ingredients

<u>GRAINS</u>	<u>AMOUNT</u>	<u>EXTRACTS</u>	<u>AMOUNT</u>	<u>HOPS &amp; SPICES</u>	<u>AMOUNT</u>
Flaked Rice	0.33 lbs.	Pale	1.66 qts.	<u>Bittering Hops</u>	
Munich	0.5 lbs.	Adjunct	0.33 qts.	Perle	1.25 oz.
Carafa III	4.0 oz.			<u>Finishing Hops</u>	
				Hallertau	0.25 oz.
				Irish Moss	1 Scoops

**Yeast Type:** Saflager **Yeast Description:** A clean / neutral fermenting lager yeast.

## Brewing Instructions

- 1 Make sure your kettle is between 160° - 170°. Place all crushed grains into a grain sock and steep in the pot for 30 minutes, making sure to maintain the temperature indicated. After grains have steeped, drain and discard sock.
- 2 Raise the heat under your pot. When the temperature is approaching 200°, add all of your extracts and sugars (except the priming sugar!). Stir well. Wait for pot to reach a boil. **NEVER LEAVE YOUR POT FROM THIS POINT ON!**
- 3 When kettle reaches a boil, temporarily turn the heat off and add your bittering hops. Immediately return to a heavy, rolling boil for 60 minutes. Make sure to stir your wort regularly throughout the brewing process so it doesn't scorch.
- 4 When there is 15 minutes left in the boil, temporarily turn off your heat again and add your finishing hops. Return to a light boil. Any spices or special ingredients are typically added now (refer to ingredient list above).
- 5 After last 15 minutes of boiling, turn heat off and chill wort. When wort is around 70°- 90° pour into a fermenter and pitch yeast. That's it! Refer to more detailed brewing and bottling instructions if needed (available upon request).

Recipe will yield approximately 2 cases of 22 oz. or 12 oz. bottles. Brewing, fermenting, and conditioning times may vary depending on recipe, yeast, temperatures, and brewing experience.
